Affiliate Marketing Program

Non-Profits can utilize History Check as a fundraiser with Affiliate Marketing Program (AMP).

As the History Check Heritage & Tourism Mobile app expands in both reach and content, businesses will see the value in our Keyword Targeted Marketing.

At a cost of \$350 annually it allows them to add keywords to our search functions that are specific to their products and services, as well as marketing as “Friendly” to various sectors.

Impact Tourism needs a sales team. By extending the opportunity for non-profits to share this marketing opportunity with your local businesses we can divert those commissions to your organization.

For every business who subscribes to Keyword Targeted Marketing, we offer you 25% of their paid annual fee. As the fees are annual, we will continue to send you 25% of those paid fees for each additional year.

To register for the Affiliate Marketing Program, either return a copy of the form below or register online at
